

**Session 6            The Status of the Global Epidemic.....1 hour**

**Step 1**            Show **PowerPoint Day 1 Session 6** on the Status of the Global Epidemic and country specific data. As you do so, ask participants if they have any questions about the information on the slides. You should update the data as often as possible.

**Step 2**            Have a discussion about the issues and concerns raised in the presentation.

**Step 3  
(optional)**        Show the video on HIV (if it is appropriate for the participants) and how it affects the cells in the immune system. After the video ask if there are any questions.

**Step 4**            End this session by asking participants if they have any questions.
